

## YOUR #1 CHOICE FOR DAYCARE!

---

**Our commitment to provide the best care for your pet sets us apart from all the rest. *We double-dog-dare you to find better pet care!***

- 🦴 A&B's fun, friendly staff is committed to providing service based on your specific pet's needs. In addition, each staff member receives pet first aid training to better care for your pet.
- 🦴 We limit our class sizes based on the room and pet size.
- 🦴 A&B offers outside, individual walk and potty breaks at various times throughout the day.
- 🦴 A&B makes sure your pet is in a group not only based on size, but based on temperament.
- 🦴 We provide safe, size and temperament toy choices.
- 🦴 Pets are given a lunch/naptime break in a full-sized suite. We need a cooling off and quiet period and our pets do too! Pets receive lunch or treats from home at this time.
- 🦴 Water bowls are always full!
- 🦴 We have 3 indoor and 1 outdoor play areas. Bring a towel! We offer "pool" playtime during warm weather.
- 🦴 We offer daycare camera logins so you may watch your pet play in daycare. For your pet's safety, we never allow open access to our cameras or play areas.
- 🦴 A&B's state-of-the-art Aqua Air cleaning system provides superior cleaning technology not offered at most facilities.
- 🦴 A&B's air handling system goes above and beyond most similar sized facilities. This plays an important part in providing a safe, healthy environment for your pet!
